

The Virginia Office of Surplus Property Management is responsible for the distribution and allocation of all surplus property. Surplus is federal personal property that is owned by the federal government and donated to various states through GSA (General Services Administration). The Virginia Surplus Property Management Office acts as a clearinghouse to obtain donable property from all possible sources. Donable property is then allocated to all eligible donees through the systematic review of requests and the assessment of each donee's level of need. The purpose of allocation is to achieve a fair and equitable distribution of surplus property to all eligible donees throughout the State.

Eligible donees include the following:

1. Public agencies, including public schools
2. Nonprofit, tax-exempt organizations
3. SEA – service educational activities (of special interest to the Armed Services)
4. SBA (8A) – contact local SBA office for application and approval to acquire federal property.

To be considered eligible, each donee must meet the requirements established by federal regulations. Each donee that is approved will be eligible for all types of federal surplus property.

Eligible donees can obtain property by having the chief administrator, town manager, executive director, etc., complete the Application for Eligibility, Debarment and Assurance documents. Requests will be reviewed periodically as property becomes available. Allocations will be made on a routine basis to donees with the greatest need for a particular item and those with the earliest request. Property can also be obtained by "screening" at the agency's warehouse facilities. Screening includes looking at property, claiming it for a donee, and taking it back to the organization, town, etc.

In accordance with Federal regulation, customer accounts are updated every year. Please review pages 2 - 6 in this package.
